Visits with Legislators

Be sure to make appointments IN ADVANCE with your local legislators. Bring a camera to take pictures for your newsletters and local newspapers, especially when you are visiting with your legislators. Get to know your legislators, invite them to speak at one of your meetings, invite them to lunch or dinner when they are in your town. After all, they pass legislation that affects all of us.

This event takes place rain or shine!

We look forward to seeing you this year!!!
